The Seven Hills School is an independent, not-for-profit, day school that has been educating students aged preschool through 8th grade for over fifty years. We have received the highest accreditation by the California Association of Independent Schools (CAIS) and the Western Association of Schools and Colleges (WASC). At Seven Hills our mission is, "to develop the intellect, engage the spirit and foster respect for and responsibility to our world." We are a community of parents, educators and students who are committed to lifelong learning. We enjoy an environment in which a student's curiosity is inspired, engaged, and rewarded. And we support educators who value professional development, lead each other and their peers to best practices, and accomplish all of this in a spirit of collegiality. Our campus, nine acres of former ranchland set back behind Heather Farm Park in Walnut Creek, CA, is a student-centered environment that provides a myriad of experiences for our children.
